## TLC BULKHEAD

IP65 compact bulkhead with soft arc linear lens diffuser for improved performance

TLC's bulkhead was one of the very first on the market to feature a lens designed to provide maximum spacings between emergency luminaires and even today, very few products are able to meet its optical performance.

The bulkhead offers many other features in a compact enclosure making this product one the most flexible and best performing products available despite its extremely competitive price.

The TLC bulkhead can be fitted with a self-adhesive legend kit to make an exit sign or with a semi-recess trim suitable for use with suspended or plaster board ceilings.

### Features

- Soft arc linear lens technology for improved performance
- Compact polycarbonate enclosure
- Hinged gear tray
- Can be supplied with a self-adhesive legend and semi-recessing trims
- Non-maintained version is BSI Kitemarked

### Catalogue Numbers

Cat No	Lamp & Mode	Emergency Lumens	Weight
